

2017 Student Scholarship

July 25, 2017

Kate Newhart
Department of Civil and Environmental Engineering
Colorado School of Mines
1500 Illinois Street
Golden, CO 80401

Dear Kate:

I am pleased to inform you that you have been selected by the WaterReuse Colorado (WRCO) Scholarship Committee to receive the Martha Hahn Scholarship for the 2017-2018 academic year! The Martha Hahn Scholarship is named in honor of the late Martha Hahn, PhD of Plum Creek Water Reclamation Authority, a long-time advocate and supporter of water reuse. This scholarship was established to recognize outstanding students with a focus on water reclamation, water reuse, and/or desalination.

In recognition of your scholarship, we ask that you attend the annual WRCO appreciation event, where we will present you with your \$1,500 award. The event will also give attendees an opportunity to learn about you and the value of our WRCO scholarships. The event is scheduled for September 7, 2017, at 4:00 p.m. and will be located in Castle Rock, CO, with an exact venue to be determined. A separate invitation with event specifics will follow. Please let me know if you are able to attend by emailing me at tkelley@csu.org, or calling me at 719.668.4477. If you are unable to attend, please contact me so that we can mail the check to you.

We also invite you to come to one of our WRCO general meetings to give our group a presentation (15 minutes) that gives an overview of your academic aspirations, relevant experience, and what this scholarship will help you achieve. Please let me know if you are interested in presenting and we can discuss a date that is convenient for you.

Congratulations and best wishes for a successful academic year!

Sincerely,

A handwritten signature in blue ink that reads "Tara Kelley".

Tara Kelley
WRCO Scholarship Committee
